RE: Small Mining Operation

Paul I appreciate the phone call and I have enclosed some photos of the site area as you requested.

I also called Buzz down in Hanksville, Utah at the BLM office and discussed the situation with him to make sure that all the time and money that was spent to put together a contract of a cash sale with The Department Of Interior was all right. He has assured me that it was. Buzz explained that part of that preparation involved the state and that Tom Gallegos from your office had been to the site.

Buzz said that he would be glad to talk with you about our project. His number is 1-435-542-3461.

Thanks and I hope these pictures will be good enough for your files.
